

## **ISC Player Commitment Expectations for Advanced Level Players**

### **2018-2019 Season**

#### **The expectations below apply only to the 9U-10U ISC Players in our Advanced Year Round Program**

##### **Background:**

The ISC supports and encourages all of our 9U-10U players to be active in other sports, activities, and organizations. We do our best to offer our year round programs in such a way that all of our year round players on the 9U-10U teams have the flexibility to pursue the other activities that they want to be involved with even as our program runs throughout most of the year. We strive to offer both an elite soccer experience for our year round players and to maintain a child centered approach by respecting the kids as kids and appreciating the fact that they want to do lots of activities at this age. That being said, the advanced year round level is our highest level of commitment and participation in the program is optional. Therefore, a certain level of commitment is required. We have some expectations and rules that we require all of our year round players to commit to in order to maintain their position in the 9U-10U advanced year round program. We will certainly work with families with some conflicts that you might have, but if, after reading these rules, you find this commitment to be more than your child is ready for, please consider one of our other program levels within the ISC.

The commitment rules outlined in this document were put in place for a number of reasons. First, in order to ensure that our 9U-10U teams will be able to field players for the events that we participate in throughout the year, we need each player to commit to games in each of our seasons. Second, it is imperative that all of our players in the 9U-10U age group meet some basic standards of commitment if we are to mix players of different skill levels and levels of development. Third, it is our belief that the 9U-10U years are probably the most critical years for skill development. Both our Director of Coaching and Assistant Director of Coaching regularly work with all of the 9U-10U players each year because we believe that if you receive poor coaching at this age it is more of a setback to player development than at any other age. Therefore, we feel the need to set some practice requirements in place to make certain that the young soccer players in the 9U-10U age groups are working with our Coaching Director and Assistant coaching director to build the proper foundation for growth and improvement. We expect our 9U-10U players to be in attendance at practice to take full advantage of the teaching and coaching we offer to help players improve in what is often considered the “golden age of learning” for soccer players.

If your child meets the commitment standards outlined in this document, they will always have a roster spot with the ISC and we will be 100% committed to their development and steady progress. We understand that some players develop faster than others, but we believe that all young players deserve the same opportunities as long as they have a passion to improve and grow as a soccer player.

## **THE ISC PHILOSOPHY OF PLAYER DEVELOPMENT**

In the ISC , WE HAVE PROVEN FOR OVER 22 YEARS that it is possible to run a professionally coached and developmentally focused, competitive program without implementing tryout procedures that "cut" young kids or group players on "A" and "B" teams based on their ability during the 9U-12U years of competition.

Each year we help kids develop and grow into some of the top players in Eastern Iowa without following the procedures of many of our competitors who "cut" young athletes without giving these kids the chance to prove that they will develop into competitive soccer players. Our experience has proven to us that kids develop at vastly different rates and times. Therefore, rather than grouping kids by ability from 9U-12U, we group players based on their commitment and interest level during the 9U-12U years.

We let the kids pick the level that they want to play at from 9U-12U and therefore we have what you might call a “self-tracking” system of development. The kids are not “tracked” by coaches and official tryouts at 9U-12U into an “A” team, “B” team, or recreational teams. The kids and parents decide how much time they are willing to commit and then if they choose the “year round program,” we give the kids an opportunity to develop into competitive players from 9U-12U. The clinics are really an opportunity for the kids to see if they are interested in the “year round programs” in the ISC.

We take great pride in the ISC in doing our best to help all of our players in the advanced year round program reach their soccer potential. One of the main tenets of the ISC philosophy is that we believe that tryouts for 9U-12U players that "cut" or divide players into "A" and "B" teams is counter-productive to the development of most young players. We don't believe that most youth players, even those with a high interest level, need to be grouped by natural ability until they are 13U players.

However, we do strongly believe that players should be grouped by commitment at the ages from 9U-12U and that young children in the 9U-12U age range should have the choice to pick the level of soccer coaching and soccer opportunities that they want to be involved in at this age. By delaying the “A” and “B” selections until the 13U season, more players have a longer period of time to improve, grow, and enjoy the game before they have to focus on tryouts for “A” and “B” teams.

**To be clear, we DO NOT mix players of vastly different commitment levels on the teams in the year round ADVANCED programs.** It simply doesn't work to delay the “A” and “B” selections until the U13 year if there are not clear practice and game requirements that will group players of high interest together from 9U-12U. For our player developmental system and self tracking system to function properly, the players in each age group in the advanced year round program **MUST** be on a similar commitment/time track.

### **SUMMARY**

Soccer players attending clinics will be accepted on an ISC 9U-10U advanced year round team if they are able to meet ALL of our minimal practice and game commitment requirements and if the parents meet the financial obligations. (Please note that we may be able to provide financial assistance to those families who qualify.) To reiterate, players are not selected by ability from 9U-12U. Our view is that tryouts based on ability are not necessary at the youngest ages from 9U-12U. We believe that the

youngest kids deserve a chance to participate if they have the interest and if their parents are willing to make the commitment to making this work for their kids.

Please note that if your child is interested in joining after the clinic period has ended, we may not have roster positions available and parents should inquire with our administrator at [registrar@iowasoccerclub.com](mailto:registrar@iowasoccerclub.com) to check if there are still spots in the age group. All kids who join during the 9U-10U clinic period will be accepted. Returning year round players are always guaranteed a position in the age group for the next year.

If your child makes the commitment to our program by following the requirements below, we will provide playing time guarantees for all players in the age groups from 9U-10U for all league games and tournament games.

---

### ISC COMMITMENT REQUIREMENTS

Before reading the rules below, please note that we will of course work with families if there are major conflicts that prevent your child from meeting one of the requirements below. The commitment requirements below are more strict than simply a set of guidelines that the kids and their families hope that they can meet in order to participate in the Advanced Year Round ISC Soccer Program. However, if parents communicate with us regarding their child's inability to meet a particular requirement below due to unusual circumstances, we will of course be flexible if the situation warrants some flexibility. Before we make any judgment on whether someone should remain in the Advanced Year Round program, we would review that child's commitment over the full year to see if they are meeting the rest of the requirements required to participate in this level within the club.

We do offer different levels of participation within the ISC, and the ISC Advanced Year Round Program might not be the best fit for certain kids. In sum, while we have clear expectations regarding participation in the advanced year round program, we also want to be reasonable when unplanned conflicts come up that prevent a particular child from meeting one of the requirements below.

---

### Summary of Categories kids will have requirements:

- Practice requirements
  - League Game attendance requirements
  - Tournament Game attendance requirements
-

**Summary of Tournament Attendance for all ISC 9U-10U Advanced Year Round Players:**

Fall 2018 Season - Must attend 2 of 3

Winter -Must attend 1 of 2

Spring/Summer 2019 Season-Must attend 2 of 3

**Total Required for 2018-2019 Season= 5 of 8 (This equals at least 15 games)**

---

**Summary for League Game Requirements for All ISC 9U-10U Year Round Players:**

Fall - Must attend 50% of all Fall League Games.

Winter – All Advanced Year Round Players must attend 1 of the 2 sessions of the ISC Intra-Club league known as BAGILITOS. Session options are the November-December option or the January-March option. We usually have about 10-12 indoor games with 2 games played on each night. All indoor games were played in the HTRC in Iowa City.

Players must attend 50% of all indoor league games.

Spring/Summer -Must attend 50% all Spring League Games.

(Please note that if a game is rained out and you committed your child to playing in that game, that commitment is counted toward your 50% requirement.)

**Total League Games Required for 2018-2019 Season-About 14 League games for the full year.**

---

**Summary of Practice Attendance for all ISC 9U-10U Year Round Players:**

1 Per Week for what is about a 10 month Period

(There are a few months when we only practice part of the month.)

(Please note that if practice attendance isn't met, your child will not play in the games on the weekend. For example, if your child does not attend at least one practice per week, they are NOT eligible to play in the games on the weekend. If a player is sick or injured and that prevents your child from attending at least one practice per week, they are not eligible to play in the games that weekend. Even if we do not have scheduled games on the weekend, the players must attend 1 practice per week during the required practice months.)

---

## **DETAILS on Requirements**

### **Tournament Requirement Details:**

All players must commit to at least 2 full weekend tournaments in both the fall and spring/summer seasons. This means that the player must be in attendance for all of the games for 2 tournaments in the fall season and 2 tournaments in the spring/summer season. Tournaments usually last two days, but there are some tournaments that are only one day long. A complete schedule of fall and spring tournaments for 9U-10U teams can be found at the end of this document. This schedule may be subject to revision.

### **Winter Tournament Season:**

All ISC 9U-10U Advanced year round players must commit to at **least 1 full weekend tournament in the winter** season.

---

### **League Game Requirement Details for all 9U-10U ISC Players:**

#### **Fall and Spring Season:**

All ISC 9U-10U players play league games in both the fall and spring each year. Games are only played on the weekends. Games could be played on Saturdays or Sundays. Game sites may be in Iowa City, Muscatine, Cedar Rapids, Cedar Falls, or Burlington. In other words, league games are held only in Eastern Iowa.

Each team will have 6- 8 league games in the fall season and 6-8 league games in the spring season. Players **do not need to attend all of the league games** with their team in each season. We want players to have flexibility to play other sports or miss some weekend games due to other activities that arise.

However, each player must make at least 50% of all league games in the fall season and 50% of all games in the spring season. Most players will attend more than this, but our minimum requirement is to attend 50% of all league games. We ask that all parents on the team notify the team manager if they intend to miss a league game so that we are aware of how many players will be in attendance for each game. Usually there are 2 league games per day, so at a minimum, each player would have to play in both games for 2-3 league dates to meet their league requirement.

#### **Winter Season:**

Our website has more information on the ISC indoor leagues. Each player signs up on their own. Last year the fee was \$85 per session for 10-11 indoor games on indoor turf. Games are played on the weekends in Iowa City in the Hawkeye Tennis and Recreation Center, known as the HTRC. All kids need to play in 1 of the 2 indoor sessions each winter.

Once again, players must attend at least 50% of all indoor league games. As was mentioned above though, the kids only need to attend 1 of the 2 sessions. They are always welcome to play in both sessions, but they only need to play in 1 session and then play in 50% of those league games.

---

### **Practice Attendance Requirement Details for all 9U-10U ISC Players:**

Our soccer season starts in the month of August. All ISC teams in the age range from 9U-10U will receive 70 practices from our professional and licensed coaching staff. The sessions will start in early to mid -August 2018 and will be completed by mid -June 2019. We guarantee that all 70 sessions/practices are scheduled and completed for your team even for sessions rained out or cancelled due to bad weather. Usually we spread the practice sessions out like this:

- Mid to early August through the end of October-Each 9U-10U team is offered 2 outdoor sessions per week
- November through the first week of April –each 9U-10U team is offered 1 indoor session per week except for the week of Spring Break and during the 2 week period for winter break.
- 2<sup>nd</sup> week of April-Mid-June-each 9U-10U team is offered 3 outdoor sessions per week

Following the format above, all teams will receive their 70 practice sessions per year. To be clear, we ALWAYS make up sessions later in the year for anything cancelled due to weather. So even if a session was cancelled in early August, we may not make the practice up until some other time in the year, but your kids will receive all 70 sessions.

We have very clear practice attendance rules for 9U-10U teams. To reiterate what was said above, we feel strongly that in order to field players of different ability levels on evenly divided teams, there must be some accountability on the part of the players to attend practice. Players are required to attend 1 practice per week in the months listed below. Please note that the teams will receive more than 1 practice per week in the fall and spring, but players are required to attend only 1 practice per week.

### **Required Months when players must practice 1 time per week:**

- August -Only last two weeks of August required
- September
- October
- November
- December-Only first two weeks of December are required.
- January
- February
- March -except for the week of Spring Break when Practices are not offered.
- April
- May

- June –Only first 2 weeks of June required. The first two weeks are the clinics for the next year.
- July –NONE REQUIRED-Usually practices are not held during this month unless we are making up practices.

In each of the required months listed above, each 9U-10U player is required to attend at least 1 practice per week. In the ISC, there is a LOT of flexibility for players to attend other sessions within the club if your child's team session is scheduled for a time that your child has a conflict. Players can attend a "super skills" practice or a U10 boys' team, or U9-U10 girls' sessions to meet this requirement.

If you think that your son or daughter cannot meet this level of commitment, you probably should consider the ISC Academy, ISC Lightning, ISC POP program, or the ISC POPPI program and wait to join the ISC Advanced Year Round program at a later time.

### **Our Playing Time Guarantee to our U9-U10 players:**

As long as each player meets our minimal standards of commitment outlined above we will provide the following playing time guarantees:

#### **9U-10U League and Tournament for OUTDOOR Games:**

**All players are guaranteed half of the minutes in each half for all league and tournament games.**

The minutes of guaranteed time per half is played in a block of time. For example, if the half length is 25 minutes long, each player will receive 12-13 minutes of playing time. We make sure that the kids play those 12-13 minutes without interruption or substitution. In other words, we don't sub them in for five minutes in one part of the half and then later for 7 minutes. By playing 12-13 minutes consecutively with no chance of being subbed off during that 12-13 minute period, the actual value of the playing time is far greater than if we broke up that playing time in smaller segments each half. In addition, our focus in the ISC is always on the long term success of our players, and we believe it is vital to teach young players to play in longer stretches of time without constant subbing.

We still guarantee players playing time in indoor games also, but usually we sub more frequently because those games are fast paced. The playing time guarantee for indoor games still amounts to half of the game.

## 9U-10U Tournament Schedule for 2018-2019:

Listed Below is the proposed tournament schedule for the fall, winter, and spring/summer season for our ISC 9U-10U boys' and girls' teams. This schedule is subject to revision, but this is a very good guide to the events that we will likely enter next year for our 9U-10U teams.

When you commit your child to the tournaments, he/she will be required to attend all games in the event. Some of the tournaments are played on only one day, but most have games on both Saturday and Sundays. Please note that if you are making the commitment to participate in the ISC Advanced Year Round Program, tournament attendance for games on both Saturday and Sundays will be required unless you make it clear that you need a religious exemption on all Sundays.

### Fall 2018 Tournaments

- Late August - Super Sixes Tournament-In Iowa City, Iowa at Kicker's Soccer Complex
- Labor Day Weekend: Muscatine Fall Classic -Muscatine, Iowa
- Late September: FC United Fall Classic Tournament -Hiawatha, Iowa-North of Cedar Rapids-At Tuma Soccer Complex

### Winter Tournaments

- ISC Bubble Blowout-Early to mid-January 2019 -Iowa City, Iowa
- U of I Spring Break Indoor Event-Usually on the last weekend of spring break-2019

### Spring/Summer 2019 Tournaments

- Mid to late April-CRSA CHILLOUT- Hiawatha, Iowa-North of Cedar Rapids-At Tuma Soccer Complex
- Mid June-Muscatine Tournament, Muscatine, Iowa
- Mid June-Cedar Valley Moonlight Classic: Cedar Falls, Iowa
