

ISC 17U-19U Commitment Expectations Training and Game Attendance Rules for 2021-2022 Season

**Summary of Training Requirements for the 2021-2022 Season:
All Rules Below apply to both our “A” and “B” players on each roster.**

PRACTICE RULES FOR 2021-2022

Practices for all 17U-19U teams will start at the beginning of August on August 2, 2021, but practice attendance rules will not take effect until the week of August 23, 2021.

All players in the 17U-19U age groups are required to practice two times per week during the period from Monday, August 23, 2021 -March 11, 2021. Please note however, that during this time period there are 3 weeks that practices will not be required. Those weeks are the week of Thanksgiving break and during the two week winter break. All teams at this age are offered 80 practices in the soccer year.

Although we will not have required practice attendance during the months of June and July, all 17U-19U teams receive 80 team training sessions per soccer year and practices may be offered during June and July. (ISC 17U-19U teams do not practice during the high school soccer seasons.)

Frequently Asked Questions for Practice Attendance?

- **What happens if the 17U-19U player does not meet the two practice per week requirement?**

In order to be eligible to play in games, the 17U-19U player must attend 2 ISC practices per week. If they are not able to participate fully in 2 practices during a given week, the player will not be allowed to play in any game scheduled on the weekend.

- **What happens if the player does not meet practice requirements due to illness or injury?**

If a player is sick or injured and that prevents the player from meeting their weekly practice obligation, they are ineligible to play in the games for the entire weekend. The exception to this rule is if the head coach of the team makes the

decision to sit out a player the week prior to state cup, regionals, or a college search tournament to give the player more rest for these events.

- Can the 17U-19U player attend other ISC team practices or optional practices such as “super skills” in order to meet their weekly practice obligations?

Yes. The ISC needs to provide flexibility for our high school athletes to give them opportunities to participate in the other activities that are important to them. Therefore, we allow 17U-19U players to attend other team practices or other optional practices such as “super skills” to meet their practice obligations. With this said, 17U-19U players should put a priority on team practices as often as possible and players that want to earn playing time must communicate effectively with their team coach.

- Does the 17U-19U player need to meet their weekly practice obligations even during weeks when there are no scheduled games on the weekend?

Yes. The exception would be if the team plays any games in June or July when we do not have a practice rule in place. If players do not meet their practice obligation during the week preceding a weekend without a game, they will not be eligible to play in the games for the following weekend.

- Does the 2 practice per week rule apply during weeks when kids play in the ISC Indoor leagues?

Yes. If players do not participate fully in 2 practices per week during the indoor season, they are not eligible to play in our indoor league games.

- What happens if a practice is rained out or cancelled?

If the practice is cancelled, all players on the team can count that practice as if they attended. However, if the practice is moved indoors at a time reasonably close to the normal scheduled time for the practice, the practice is not considered cancelled. This means that players are responsible to check the practice updates and always have indoor and outdoor shoes available.

- How is the practice rule enforced?

Players are expected to self-report to the head coach via email and they must also copy the Director of Coaching on the email to notify the coaches that the weekly practice obligation was not met. If a player does not self-report to both their head coach and the Director of coaching via-mail by 10:00 pm on the Thursday night prior the weekend games, the player will be suspended from all matches for 2 weeks. If this happens a 3rd time during the same soccer year from August 1-July 31, the player will be removed from the ISC roster.

- **What happens if a player misses multiple weeks due to injury?**

Players that miss multiple weeks due to injury will NOT need to make up missed practices. The player that is returning from an injury must meet their practice obligations during the week preceding the match that they want to play in, but they will not need to make up missed practices from previous weeks. It is not in the best long-term health interest of an athlete that was injured to try and make up missed practices.

- **Does the club offer make ups as an option during the next week after a player missed a practice? In other words, can a player request to do 3 practices the next week to make up for 1 missed practice during a given week?**

NO. For those players that do not have an injury and miss a practice during a week preceding a weekend without games, we do not allow for a provision for players to make up those practices in the following week in order to be eligible to play in matches. They can make up the practices, but it does not change their eligibility for the weekend games. We require steady and consistent week by week attendance.
